

Material Safety Data Sheet

Section 1 Product Identification And General Information

Product identifier

Trade name/designation: Silide Dental Zirconia Block

Relevant identified uses of the substance or mixture and uses advised

Relevant identified uses: Dental Material

Uses advised against: No information

General information

Edition: 1st August, 2013

Section 2 Identification Of The Manufacturer/Undertaking

Manufacturer /supplier

Qinhuangdao Silide Ceramic Technology Co., Ltd

Add: No.1, Yanghe Rd, Qinhuangdao Economic and Technological Development Zone, Hebei Pro, China. Zip:066000

Tel: +86-335-7675801

Fax:+86-335-7675824

Email:silidezirconia@foxmail.com

Web: <http://www.silidechina.com>

Information offer

Manufacturer

Section 3 Hazards Identification

Classification of the mixture

GHS classification:

Not classified.

Label elements

Hazard pictograms:

No pictogram

Signal word:

No signal word

Hazard statements:

No statement

Precautionary statements:

No statement

Section 4 Composition / Information On Ingredients

Description of the mixture —

Hazardous ingredients No hazard ingredient

Section 5 First Aid Measures

Description of first aid measure

General notes Get immediate medical advice/attention.

If on skin Wash with plenty soap and water.

If inhaled Remove victim to fresh air and keep at rest in a position comfortable for breathing.

If swallowed Call a POISON CENTER or doctor/physician if you feel unwell.

If in eyes Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Notes for the doctor Pass on all available product information.

Most important symptoms and effects, both acute and delayed.

No information

Indication of immediate medical attention and special treatment needed.

No information

Section 6 Fire-Fighting Measures

Extinguishing media

Suitable extinguishing media

Water-spray, CO₂, powder, sand or foam, etc.

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unusable extinguishing media

No information available.

Special hazards arising from the substance or mixture

Hazardous combustion products:

There is a possibility that the gas with stimulation or toxicity is produced depending on the kind of a fire.

Advice for fire-fighters:

If it is not very dangerous, move containers from a fire in the surrounding area.

During extinction, wear a suitable heat-resistant protective suits against chemicals and self contained breathing apparatus.

Extinguish fire by pouring or spreading extinguishing media on the origin of a fire. Extinguish fire from windward side as much as possible.

Extinguish fire by the method of covering tightly or suffocation is preferable.

Even after extinction, cool down containers by using plenty of water.

Section 7 Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

For non-emergency

Protective equipment Operators wear suitable protective equipment refer to section8 and avoid inhalation and contact with eyes and skin.

Removal of ignition sources, provision of sufficient ventilation, control of dust

Remove every source of ignition immediately. (Prohibit smoking, using sparks and flames nearby this product.) Ventilate for exhaust to keep

concentration in air below a limit of exposure.

Emergency procedures Isolate this product immediately and keep proper distance to every direction as released area.

Stop leakage, if it is not dangerous. Isolate this product immediately and keep proper distance to every direction as released area.

Indicate that only authorized people can enter.

Do not touch released product and walk on it.

For emergency responders

Wear a chemical protective clothing.

Environmental Precautions

Prevent inflow into ditches, sinks, basements or closed places. Take notice not to discharge this product to rivers etc. and not to affect environment.

Methods and material for containment and cleaning up

For containment Keep container tightly closed.

For cleaning up If the amount of leakage is small, absorb it by dried sand, soil, sawdust and waste paper and collect it into a tightly covered container made of metal.

Other information No information

Reference to other sections See section 9 and 14.

Additional information No information.

Section 8 Handling And Storage

Precautions for safe handling

Information on safe handling

Take measure against equipments written in section 9 and wear protective equipment. Exhaust locally and ventilate totally as written in section 9.

To prevent handling of incompatible substances or mixtures

Avoid contact with incompatible materials. Please refer to section 11.

To minimize the release to the environment

KINGCH Qinhuangdao Silide Ceramic Technology Co.,Ltd

Add: No.1, Yanghe Rd, Qinhuangdao Eco & Tech Devel Zone, Hebei Pro, China. Zip:066000

Take notice not to discharge this product to rivers etc. and not to affect environment.

Advice on general occupational hygiene

Obtain Instructions before using this product.

Do not handle products until you have read and understood every instruction for safety.

To prevent exposure, wear protective during operation.

Watch out for fire.

Prohibit using heated substances, sparks and fire on the periphery of this product.

Ventilate for exhaust to keep concentration in air below a limit of exposure.

Avoid inhaling dust and fume.

Do not touch, inhale or swallow this product.

Do not take polluted work clothes out of workshops.

Do not drink, eat or smoke during using this product.

Use this product only outside or well ventilated area.

Wash hands well after handling this product.

Avoid emitting this product to environment.

Conditions for safe storage, including any incompatibilities

Technical measures and storage conditions

Store in dried and properly ventilated place.

Install equipments for lighting and ventilation which are necessary for handling and storing dangerous goods in a storage place.

Packaging materials

If containers are stipulated in transportation regulations of containers United Nations.

Requirements for storage rooms and vessels

Store apart from dangerous substance to mix and touch.

Seal a container and store it in a well ventilated and cool place.

It is preferable to store a container in a locked place.

Further Information on storage conditions

Specific end use(s)

Recommendations

No information

Industrial sector specific solutions

No information

Section 9 Exposure Controls/Personal Protection

Control parameters

Occupational Exposure limit values

No Information

Exposure controls

Appropriate engineering controls

When the mists are generated, the ignition source is made to seal up, and the exhaust device is installed. Install ventilation facility if dust and fume occurs during hot heated processes.

Personal protection equipment

Eye and face protection : Use appropriate protectors for eyes.

Skin protection

Hand protection : Use appropriate protective gloves.

Body protection : Use appropriate protective clothes and masks if necessary.

Other protection : —

Respiratory protection : Wear appropriate respiratory protection.

Thermal hazards : —

Section 10 Physical And Chemical Properties

Physical state, shape and colors etc. White blocks

Odor No odor

pH No data

Melting point/coagulation point No data

Boiling point	No data
Flash point	No data
Explosive range	No data
Vapor pressure	No data
Vapor density(air = 1)	No data
Relative density (density)	No data
Solubility	No data
Partition coefficient: octanol/ water	No data
Auto-ignition temperature	No data
Decomposition temperature	No data
Limit value of odor	No data
Vaporization speed (butyl acetate=1)	No data
Combustion Characteristics (solid and gas)	No data
Viscosity	No data

Section 11 Stability And Reactivity

Reactivity

Not in particular.

Chemical Stability

Stable, if it is use and a storage method described in this MSDS.

Possibility of hazardous reactions

Not in particular.

Conditions to avoid

Not in particular.

Incompatible materials

No data

Hazardous decomposition product

No data.

Section 12 Toxicological Information

Acute Toxicity

No information available

Skin corrosion/irritation

No information available

Serious eye damage/irritation

No information available

Respiratory or skin sensitization

No information available

Germ cell mutagenicity

No information available

Carcinogenicity

No information available

Reproductive toxicity

No information available

STOT-single exposure

No information available

STOT-repeated exposure

No information available

Aspiration hazard

Not applicable.

Section 13 Ecological Information

Toxicity

No information available

Persistence and degradability

No information available

Bioaccumulative potential

No information available

Mobility in soil

No information available

Other adverse effects

No information

Section 14 Disposal Considerations

Waste treatment methods

Product/ Packaging disposal

In disposal, follow relevant regulations and standards of municipalities. If industrial waste disposer permitted by governors or regional public organization handle disposition, commit it to them.

If you commit a disposal of waste, notify sufficiently disposer of risk and harmfulness beforehand.

Clean and recycle containers or dispose them properly based on relative regulations and standards of municipalities.

When empty containers are disposed, its content must be removed completely.

Waste treatment options

Dispose of waste according to applicable local, state, federal laws and regulations.

Sewage disposal options

Do not discharge to a water source.

Other disposal recommendations

No information

Additional information

No information

Section 15 Transport Information

Road/Rail(ADR/RID) Not subject to ADR/RID.

Sea transport (IMDG) Not subject to IMDG code.

Air transport (IATA) Not Subject to IATA regulations.

Section 16 Regulatory Information

This MSDS is according to Globally Harmonized System of Classification and Labeling of Chemicals (GHS).

Use in accordance with local/regional/national/international regulations.

Section 17 Other Information

Indication of changes and preparation date

Preparation date 1th August, 2013

Abbreviations and acronyms

Handling of information given in this MSDS

KINGCH Qinhuangdao Silide Ceramic Technology Co.,Ltd

Add: No.1, Yanghe Rd, Qinhuangdao Eco & Tech Devel Zone, Hebei Pro, China. Zip:066000

Information given in this MSDS may be insufficient for not all records and references were investigated. Its content can be changed due to release of new data and correction of conventional theories. Therefore, when you use this MSDS for an important decision, it is recommended to check its content by running tests or to study its references carefully. We also do not guarantee the number about the content, physical or chemical properties. Notes are applicable to normal handling and care must be taken in case of special handling.
